IN GOD we trust, but not in STEAD. He talks too much.

THIRTY-FIVE railroads for the second week in April show an average gross increase of 13.85%.

OUCH, for Wall street. The Postmaster General has made an order forbidding Postmasters to allow department funds to be used by banks as assets or to be mingled with the regular deposits of the banks.

ACCORDING to a recent ruling of the Department of Agriculture there must be at least 51% of "straight whisky" in a mixture in order to entitle it to the term "compound." Wonder what the other 49% of this "compound" is composed of?

WONDERS never cease in American politics. HON. CHAUNCEY M. DEPEW, who a year ago was classed as a "senile paralytic," is declared to be well enough to sit up and take notice of a few things. The Senator is again making the dishes rattle with his after-dinner wit and celebrated his 73d birthday Tuesday.

SECRETARY TAFT and Governor HUGHES are both too busy to discuss Presidential booms and each will continue to patriotically and industriously discharge their official duties, leaving to Senators FORAKER and DICK and other machine politicians the pleasure of frothing at the mouth nearly two years prior to the Presidential election.

THE Interstate Commerce Commission rules that if the railroads sell a party rate ticket at reduced prices to theatrical companies the same tickets must be open to the use of the general public.

PRESIDENT ROOSEVELT might find an able and popular successor to HON. JOHN W. YERKES, as Commissioner of Internal Revenue, in the person of HON. JOHN W. LANGLEY, Congressman from the Tenth Kentucky District. Mr. LANGLEY was called to the White House Tuesday to confer with the President over the situation of affairs in the state.

WHILE Cincinnati and Louisville are dicker-ing over the expenditure of a million or two for parks, Kansas City has spent \$7,000,000 on her park system and has 53 miles of boulevards traversing what were once bleak and ugly hillsides. That city has 2,055 acres of fair park land, and will soon make her debut as the most beautiful parked city in the United States.

THE order issued by Secretary LOEB barring newspaper correspondents from loafing around and haunting the White House grounds in search of news, is not popular with those journals of the yellow hue of the W. Randolph Hearst stripe. Legitimate journalists walk boldly up to the front door of the White House, or any other house, and ask for what they want. No skulking around among the shrubbery for hot tips.

HELL AND TEXAS.

The remark of General Sheridan, who commanded in Texas just after the Civil War, "If I owned hell and Texas, I'd sell out Texas and live in hell," is often quoted. The answer of a Texas editor is not so well known: "Well, damn a man who doesn't stand up for his own country anyhow!"

The Germ Peril

The warmer the weather gets the faster the germs of disease multiply. Wherever there is darkness, dampness or decay about your home, there millions of microbes are developing to menace health. Household sanitation is important as a protection to health and equally important as a protection to the pocket-book. It costs a good deal if sickness comes; it costs practically nothing to keep the home in sanitary condition. No amount of cleanliness will take the place of disinfection.

WE HAVE EVERY GOOD DISINFECTANT, GERMICIDE and FUMIGATOR MADE.

RAH FOR SILER!

Popular Railroad Commissioner Nominated For a Second Term By the Republicans of the Third District

Hon. A. T. Siler of Whitley county was re-nominated for Railroad Commissioner by the Republicans of the Third District in Convention at Mt. Sterling yesterday.

The nominating speech was made by J. L. Earlywine of Paris, with a number of seconding speeches. Siler accepted in a brief speech.

Mr. V. S. Norman, formerly operator in the office of the L. and N., will take the place made vacant by the resignation of Mr. Charles Collins.

A dispatch from Lexington announces that recent reports show that from 60 to 75 per cent of the white burley crop of 1907 will be held by the American Society of Equity from the reach of the Tobacco trust unless the latter pays satisfactory prices. There are 40 counties in the burley district and all seem to be standing together in the fight.

The special train over the L. and N. to the Lexington Tobacco Barbecue carried four coaches. Agent Ellis reports that 139 tickets were sold at Maysville. President John Duley of the Board of Trade and Hon. James N. Kehoe, headed the big Maysville delegation. The weather is most propitious and 10,000 people will be present today at the big feast of beef and burgoo.

Judge H. Clay Faulkner of Barbourville was made both temporary and permanent Chairman, and Hon. H. B. Bryson temporary and permanent Secretary with visiting newspaper men as assistants.

Hon. R. H. Winn made a brief speech in calling the Convention to order.

The resolutions indorsed President Roosevelt in strong terms and also indorses the candidacy of a man to succeed him, who would carry out his policies.

No reference was made to the Senatorial or Governorial race.

W. Marshall Bullett, Hon. John W. Langley and others addressed the Convention.

It was deemed best not to bring the Governorial contest into the Convention at this time. All the general sentiment of the delegates, however, favored Augustus E. Willson of Louisville for Governor. He could have secured the indorsement had he desired. Harmony prevailed at the Convention which was the largest ever held in that section. Delegates were present from every county in the district. Richard P. Ernst of Covington headed two large delegations from Kenton and Campbell counties.

Mrs. Frances Beauchamp addressed a splendid audience at the First Baptist Church last night. Mrs. Beauchamp is a fine speaker and had the best attention of her hearers. Colonel George W. Bain is booked for addresses here Saturday and Sunday nights.

CHARLES FORMAN.

Charles Forman, formerly of this city, died suddenly Tuesday of Bright's disease at the home of his father at Dayton.

He was 38 years of age and was a brother of Mrs. Thomas Lashbrooke of this county and Mrs. Samuel Planck of Flemingsburg, who left yesterday to attend the funeral.

The court house contingent are all at Lexington today.

Owensboro will be here with 40 Knights Templar, 10 ladies and a brass band with 20 members.

WILLIAMS—BENDEL.

Mr. Richard H. Williams and Miss Bendel were quietly wedded at 2:30 p.m. noon at the home of the bride's mother, Amelia Bendel in West Second street, the Rev. Dr. John Barbour of the First Presbyterian Church officiating.

The engagement of this popular young couple was announced several weeks ago, but their marriage yesterday came in the nature of a surprise to their friends, the nuptials being witnessed by only the immediate relatives of the contracting parties.

Miss Bendel is one of Maysville's brightest girls. Endowed with rare traits that go to make up the most beautiful, womanly character, she wins for her lasting friends all whom she meets, and no bride enters the married life with more sincere good wishes than she. She looked particularly charming yesterday in her elegant bridal dress of white silk.

Mr. Williams is the stenographer in the L. and N. office at Thurmond, W. Va., in close touch with many of the leading officials of the road. His manly character and efficient work have won for him the high esteem of his employers, and his friends here in his home town are congratulating him on his splendid selection for a life partner.

After the ceremony Mr. and Mrs. Williams left for Cincinnati, passing East today for Thurmond, where they will take up their residence.

None but wish that God's choicest blessing may accompany this worthy young couple through life.

Mason Circuit Court.

In the case of Edward Starrett v. C. and Railway Company, on trial for the past several days, the Jury returned a verdict for the defendant. The cause will be appealed.

The case of Demetre Naoum, the Bulgarian charged with shooting with intent to kill, on Thomas James, Greek, was called on and statement of counsel for defendant, Hon. Virg McKnight, the case was continued until the September term of Court.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

OH ME, OH MY!

What's Going to Become of 150,000,000 Gallons of Whisky in Dry Kentucky?

Since the recent ruling of the Attorney-General under the Pure Food Law on the question of straight and blended whiskies, the Kentucky product has taken a jump of from ten cents to fifteen cents a gallon, and in some places even twenty cents.

Colonel John B. Thompson of Louisville, states the average increase in Kentucky is twelve cents on the gallon.

There is in Kentucky now 150,000,000 gallons of straight whisky, most of which is in the Fourth District.

This means that there is an increase of \$18,000,000 in the value of the liquor since the ruling of the Attorney-General, with a corresponding increase in the Internal Revenue.

Whisky experts expect a further advance in the price of whisky, if the Courts uphold the decision of Secretary Bonaparte. They figure out that Kentucky has already gained \$18,000,000 by the decision. Most of the Kentucky whisky is held in the Fourth district.

The present month has been the coldest April recorded for 26 years.

The car barns of the Cincinnati, Georgetown and Portsmouth Railroad, in Cincinnati, were totally destroyed by fire Tuesday night. The loss estimated at \$80,000 is fully covered by insurance.

Monday afternoon near Lexington a cyclone lifted a barn from its foundation and hurled it against a C. and O. freight train, tearing off the roof of a car and derailling it. The barn was demolished. No one injured.

In a fight over a girl at Sutton, a small town near Ashland, Monday night at a church revival between the Patrick, Sexton and Haney boys, resulted in Jim Patrick being fatally hurt by being struck over the head with a piece of a bench. A girl was also knocked senseless and the pastor and his flock all fled.

It is reported that the new trains to be added to the schedule of the C. and O. will be in operation by the latter part of this week. One of them, it is said, will be a midnight flyer, which will leave Cincinnati at 9:30, following train No. 4. The C. and O. is making provision to handle thousands of passengers to the Jamestown Exposition.

New School Building!

Owing to the fact of the School Board's having bought the old Porkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a storeroom in Mayville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Mayville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. SHORT TALKS BY L. T. COOPER.

MEDICINE.

It's curious what some people believe a medicine will do.

MISS ISAACSON.

She stated that I was a scoundrel, a robber and various other pleasant things. Now the only thing I claim for Cooper's New Discovery is that it will put the stomach in working order. I know that if this is done, rheumatism, constipation, kidney and liver troubles, nervousness, and the general tired out, despondent feeling will disappear in ninety-nine cases out of a hundred. I know this medicine to be a fine tonic which used twice a year will throw off impurities and add flesh, strength and tone to the entire system. But it will not do the impossible. No medicine on earth will do more than help nature. Certain diseases are beyond all medicine, although God in his wisdom may some day give us frail humans a knowledge of how to cure them. At present I know Cooper's New Discovery to be as thoroughly efficient a medicine as was ever on the market, and people who will take it for the common ills to which flesh is heir will be more than satisfied.

Here is a letter from one who has tried: "For a long time I have suffered from severe headaches, weakness, and pains in my back and sides." "Nothing I tried gave me relief, and a friend advised me to try your medicine. I improved from the first week. My back-ache and headache left me and I felt myself growing stronger. My appetite increased and I felt greatly improved in every way. I am indeed thankful for the benefit I have received." Miss Jenni Isaacson, No. 18 15th Avenue, We Duluth, Minn.

We have sold and are selling quantities of these famous medicines.

SONG BIRDS

The Choristers of the Forest Should Be Protected Not Killed

There are those who are ignorant of the fact that it is against the law to kill a song or insectivorous bird, and in order that they may no longer plead a lack of knowledge in the matter THE LEDGER reproduces the law bearing on the subject, which reads as follows: "No person shall catch or kill or have in his possession, dead or alive, any song or insectivorous bird. Any violation of this law shall be subject to a fine of \$25 and imprisonment for thirty days." Another section reads: "No person shall rob or destroy the nests or eggs of any wild bird whatsoever, under penalty of \$25 for each offense."

The law is a good and righteous one and should be enforced to the very letter. How a man with a heart in him can find an excuse for slaughtering doves, red birds, and others of like character, is past finding out. Some men who claim to be exemplary Christians take delight in slaying birds of the above description. It is cruel and wrong, nevertheless, and should not be tolerated.

Boys who have a penchant for robbing bird nests and destroying eggs will take notice and govern themselves accordingly.
